TENDERER'S TECHNICAL OFFER (Note 3)

Note: Where in this tender document a standard, brand or label is quoted, it is to be understood that the Contracting Authority will accept equivalent standards, brands or labels. However, it will be the responsibility of the respective bidders to prove that the standards, brands or labels they quoted are equivalent to the standards requested by the Contracting Authority.

This form is to be filled in and submitted by the bidders as part of the tender offer. The items being offered in the Tenderer's Technical Offer must be in conformity with the specifications requested under Section 4 – Technical Specifications, the Bills of Quantities and any Drawings issued. Where relevant, bidders are to state the brand and the model of the supplies being offered in response to the Technical Specifications (Section 4).

Tenderers that fail to complete the requested information will be deemed as non-compliant and will not be considered further for final adjudication. The information/technical specifications provided in the below table shall not be subject to rectifications. As a result, bidders cannot change the Manufacturer/Brand during the evaluation stage as the submission of the technical offer falls under Note 3 (No rectification is allowed).

For the item offered, the respective supporting documents and printed manufacturer's technical literature are to be submitted by the bidder as per the form marked "Literature".
